Wow! well, Ain't Got Time has become a major tune! Thanks so much everyone, aside from garnering over 150 000 plays, we've had fans make youtube video edits to it, heard it played at Festivals around the world this summer (got to hear Cosmo Baker and Skratch Bastid both play it at Shambhala) and have had countless fans state it as the tune of the year....such an honor, dig it! Fall has much in store, with some great festivals and shows continuing out west, be on the look out at christmas time for "Mat & Mike" all 45's shows coming to a city near you!
